

## Modern Language Philosophy

Learning a foreign language provides valuable educational, social and cultural experiences for students at ISK. The Modern Language Department provides a program in which students develop their communicative competence and proficiency, as well as cross-cultural awareness and a lasting love for language learning.

## Elementary School Philosophy

Modern Language is an essential component of the elementary school program at ISK. The ES Modern Language program provides foundational skills that enable non-native students to communicate effectively and confidently at an appropriate level.
